Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner informed Mr. Cage that the after-final amendment filed 18 May 2007 included new issues that require further search and consideration, and would therefore not be entered. Examiner also detailed how claim 36 was in fact rejected in the previous Office Action mailed 29 January 2007(citing both the Office Action Summary that lists claim 36 as rejected and numerous portions of the Office Action that cite specific portions of the prior art reference that were relied upon the meet the limitations of claim 36) even though claim number 36 was inadvertently omitted from its intended rejection section (paragraph 11).
